SUMMARY

Passionate Full Stack Developer with a strong interest in building responsive and scalable web applications. Dedicated to creating efficient, high-performance solutions with clean code and modern development practices.

EDUCATION

SRM Easwari Engineering College, Ramapuram	Chennai, India
B.E. Computer Science, CGPA: 8.61/10	2023–Present
KRM Vidhyashram, Ayanavaram	Chennai, India
HSC (Class 12), Score: 93%	2021–2023

PROJECTS

CampusBox – Marketplace

- Developed a web platform enabling students to buy, sell, and rent items within the campus community through listings and direct connections, promoting resource reuse and easy item discovery; secured **2nd place** in project challenge.
- Technologies:** MongoDB, Node.js, React.js, HTML, CSS, Tailwind CSS, Java, Bootstrap, Docker

AyurChain – Herb Quality Tracker

- Built a blockchain-based DApp to track medicinal herb quality from harvesting to final purchase with tamper-proof records and QR-based verification for transparency and traceability.
- Technologies:** Ethereum, Solidity, Ethers.js, React.js, Node.js, Express.js, MongoDB

ACHIEVEMENTS

Technical

- Secured **2nd Place** in Project Challenge 2026
- Top 10 teams in national hackathon HackToFuture 4.0
- Won **10+ Stress Interview competitions**

Non-Technical

- Won **75+** literary and drama events in intercollege competitions
- Earned **9 titles** across culturals including **Mr.Techofest'26** at CEG Guindy

SKILLS

Languages	Java, JavaScript
Frontend	HTML, CSS, React.js, Tailwind CSS, Bootstrap
Backend	Node.js, Express.js
Database	PostgreSQL, MongoDB
Blockchain	Ethereum, Solidity, Ethers.js
Tools	Git, GitHub, Docker
